## SUMMARY

Versatile and self-motivated graduate with a B.Tech in Computer Science. Equipped with a solid foundation in full-stack development, data analysis, sourcing operations, and customer support. Adept at adapting quickly to new challenges and environments. Excellent communicator and team player with a passion for continuous learning and cross-functional collaboration.

## EXPERIENCE

### Software Developer Intern

#### Koyya Enterprises

Jan 2024 – July 2025, Bangalore

- Developed REST APIs using Java Spring Boot and implemented secure access control.
- Built dynamic and responsive UI components with ReactJS.
- Participated in QA testing, documentation, and performance tuning.
- Collaborated with sourcing teams to optimize procurement workflows.
- Integrated third-party APIs to expand platform capabilities and streamline data exchanges across procurement and inventory management modules.
- Refined automated deployment pipelines for Java Spring Boot and React applications, streamlining release cycles and minimizing manual intervention during production rollouts.
- Engineered modular code enhancements to existing procurement and inventory systems, leveraging code reviews and peer feedback to elevate maintainability and system reliability at Koyya Enterprises.
- Implemented comprehensive unit and integration testing for new and legacy features, increasing code coverage and contributing to robust, reliable releases across procurement and inventory management solutions at Koyya Enterprises.
- Improved feedback system efficiency by 15% in ERPS project at Koyya Enterprises.
- Improved insights by processing 1,000 employee feedback responses for actionable analysis.
- Developed the UI using ReactJS and Tailwind
- Server-side development using Spring Boot
- Coded for error handling and validation.
- Implemented analytics dashboards to visualize employee feedback trends, empowering stakeholders with actionable insights and supporting strategic decision-making.

## PROJECT

### ERPS Feedback

Koyya Enterprises • July 2024 - July 2025

- Improved feedback system efficiency by 15% in ERPS project at Koyya Enterprises.
- Improved insights by processing 1,000 employee feedback responses for actionable analysis.
- Developed the UI using ReactJS and Tailwind
- Server-side development using Spring Boot
- Coded for error handling and validation.
- Implemented analytics dashboards to visualize employee feedback trends, empowering stakeholders with actionable insights and supporting strategic decision-making.

## EDUCATION

### Bachelor of Technology (B.Tech) – Computer Science

Hindustan Institute of Technology and Science • Chennai • 2023 • 8.19

## CERTIFICATIONS

### Web Development Bootcamp – freeCodeCamp

### Java Programming – KodNest

## SKILLS

Java, ReactJS, HTML, CSS, JavaScript, Tailwind CSS, node js

Spring Boot, Flask

MySQL, PostgreSQL

Git, Postman, Microsoft Excel, VS Code, MS Office

Communication, Team Collaboration, Critical Thinking, Problem Solving, Adaptability, English (Fluent), Telugu (Native), Hindi (Intermediate)
